

## **2022 Enrollment Guide for International Students Changzhou University (CZU)**

### **I. About Changzhou**

Changzhou is located in the south of Jiangsu Province, with a population of over 5.3 million. The city is blessed with a history of 3,200 years and a highly developed economy. In 2021, the city has gained a GDP of 880.76 billion yuan. With its rich resources of cultural relics and nice environment, it is one of the most attractive cities in China for studying, living, investing and working.

Located between Nanjing (the provincial capital) and Shanghai (China's financial center), Changzhou constitutes a metropolitan area with Suzhou and Wuxi, where you can enjoy convenient transportation. You can fly to over 30 major cities around the world from Changzhou Benniu International Airport. Changzhou has two railway stations, one in the city center and the other in the northern part of the city. It takes only 50 minutes to Shanghai and 5 hours to Beijing by high-speed trains. Metro line 1 and 2 are in operation which can quickly take you from the university to the railway stations and major shopping malls.

### **II. About CZU**

Established in 1978, Changzhou University (CZU) is a full-time public university jointly funded by Jiangsu Provincial People's Government, China National Petroleum Corporation(CNPC), China Petrochemical Corporation (Sinopec Group) and China National Offshore Oil Corporation (CNOOC). The university has complete infrastructure and excellent facilities, covering an area of over 130 hectares. The university has 21 schools, with more than 20,000 full-time students, including over 750 international students. At present, the university has 67 undergraduate majors, including 3 national characteristic majors, 12 national first-class majors, 2 pilot projects of comprehensive reform of the Ministry of Education, and 9 majors certified by China Engineering Education Accreditation Association (CEEAA).

After 44 years of development, the university has built a complete talent training system covering Bachelor's, Master's and Doctoral programs with a multi-level scientific research and social service system. In 2021, the university ranked 147th in ShanghaiRanking's Best Chinese Universities Rankings (BCUR) released by Shanghai Ranking Consultancy and 168th in 2021 Chinese University Comprehensive Strength Ranking (Wu Shulian).

CZU is a leading multidisciplinary university in Changzhou with a particular focus on engineering, science and management programs and has established strong links with business and governmental organizations. Three disciplines (Chemistry, Materials Science and Engineering) are among ESI global top 1%.

CZU is very active in international cooperation and exchange and has established close relationships with more than 60 universities in over 30 countries and regions.

CZU is one of the Target Universities in Jiangsu for International Students, as it has started to enroll international students since 2009 and awarded the honor of Outstanding University of International Students Education by Jiangsu Province for many times. In recent years, the number of international students has been increasing rapidly. In 2021, there are more than 750 international students of long-term programs.
